

Specialist Services

At Geomatix, we have over ten years experience of providing specialist services to clients, helping companies and organisations to achieve their geo-spatial objectives. Whether your interest is in map-enabled web-sites, satellite positioning, navigation or electronic mapping, we guide our clients to see their way through innovative and technically demanding complex projects - if required right from inception to completion. The services we offer include :-

- Project Management
- Grant Application - Preparation
- Undertaking Feasibility Studies
- Drafting Specification Documents
- Providing Custom Software, Design & Programming
- Web Design and Web Programming
- XY Data Capture from maps and plans
- Data Collation and Database Implementation
- Creating Operational and Performance Standards

We have supplied products and services to a wide range of companies and organisations including :-

- A.P. Moller - Maersk Group, Denmark
- British Petroleum (BP) UK
- C-Map UK
- Cosmos N.V. Belgium
- Gardline Surveys, UK
- Max Planck Institute, Germany
- Premier Oil, UK
- Santos Inc, USA
- Sea Fish Industry Authority, (SFIA) UK
- Windlogics Inc, USA

Whatever your project aims, we promise to work with you, creating a solution which will fully achieve your specialist objectives

If you have a project which you believe may benefit from our services or products please feel free to contact me, Dr Steve Taylor at GEOMATIX Ltd for an informal discussion of your specific requirements.
